meet our
many people

Some 1,500 individual people of all races, colors, and religions are united into a harmonious co-existence inside the walls of our school. Tucker students have the reputation of being friendly, outgoing and entertaining people. You'll feel immediately at home with us because Southern hospitality abounds in the Tigers. Even the "displaced Yankee" students and faculty help carry on this tradition. You'll hear "Hey Ya'll!" possibly a good one hundred times in a single day from everyone, regardless of their previous cultural backgrounds.

You might notice that the students have divided themselves up into social groups that fit their own individual needs and tastes. Given time, you'll meet a group of people that you feel at home with and in which you can develop fast and longstanding friendships.

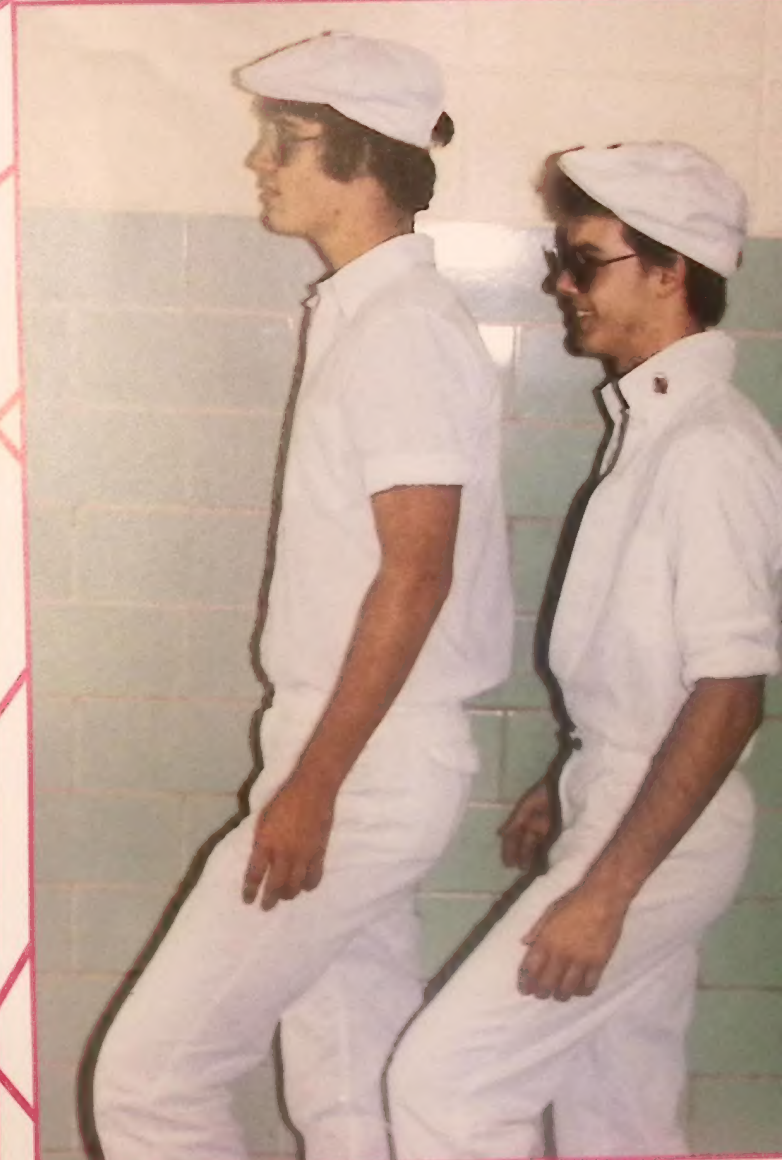

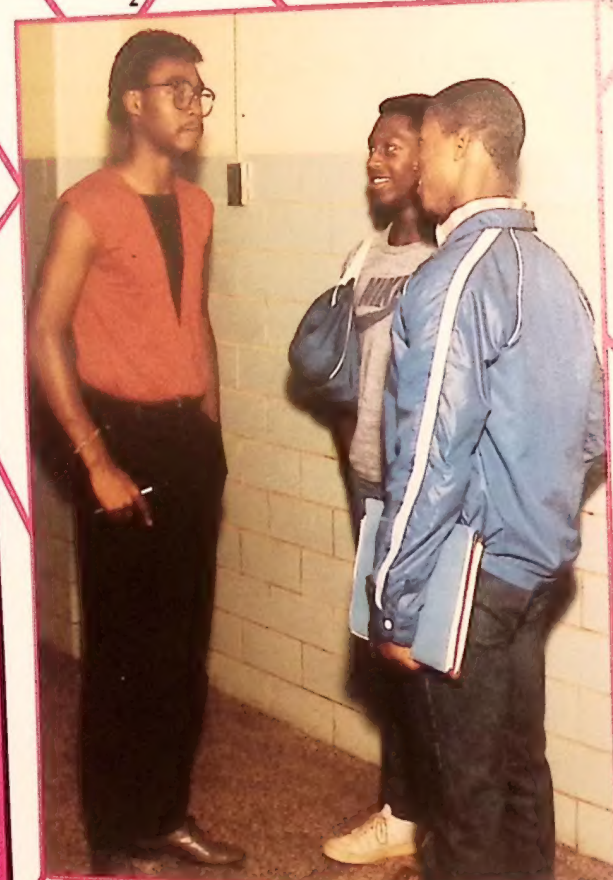

Not only can you identify people into social categories here at Tucker, but you can also find personality types. Your basic preppies are easily identifiable by their polos, Lacostes and penny loafers. They are bright, bubbly type persons commonly seen comparing argyles with one another.

Another species of people here at Tucker are the punkers. Not quite so common as the preppy, the punkers make their presence known. They tend to wear a certain type of hair cut (some few going to the extreme with Mohawks), listen to their own style of music and dress in their own individualistic way. With the punkers, non-conformity in clothes and lifestyle is essential.

Even another group of people at Tucker is the rednecks. This type of person is male the majority of the time. With them, the sun rises and sets with a dip of Copenhagen, blue jeans, pick-up trucks, flannel shirts, cowboy hats, Alabama and Willie Nelson.

Last but not least are the fashion plates. These people are out to make a fashion statement by wearing only the latest styles. The fashion plates seem always to have the latest, trendy clothes first. By the time the rest of the school has caught on to their ideas, the fashion plates have moved onto something else. They tend to listen to the latest Top 40 music and spend most weekends shopping.

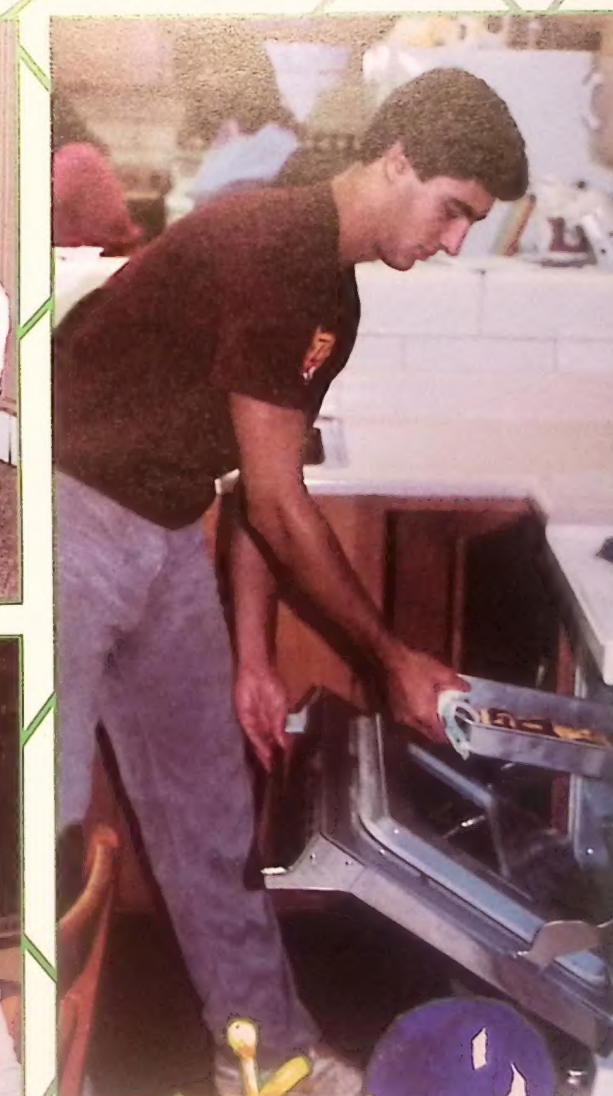

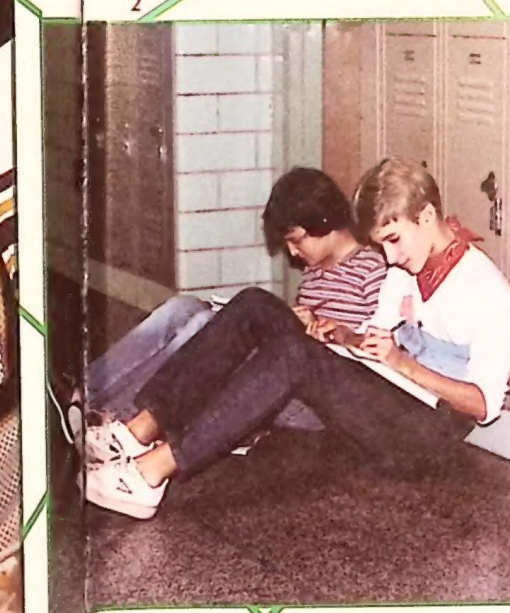

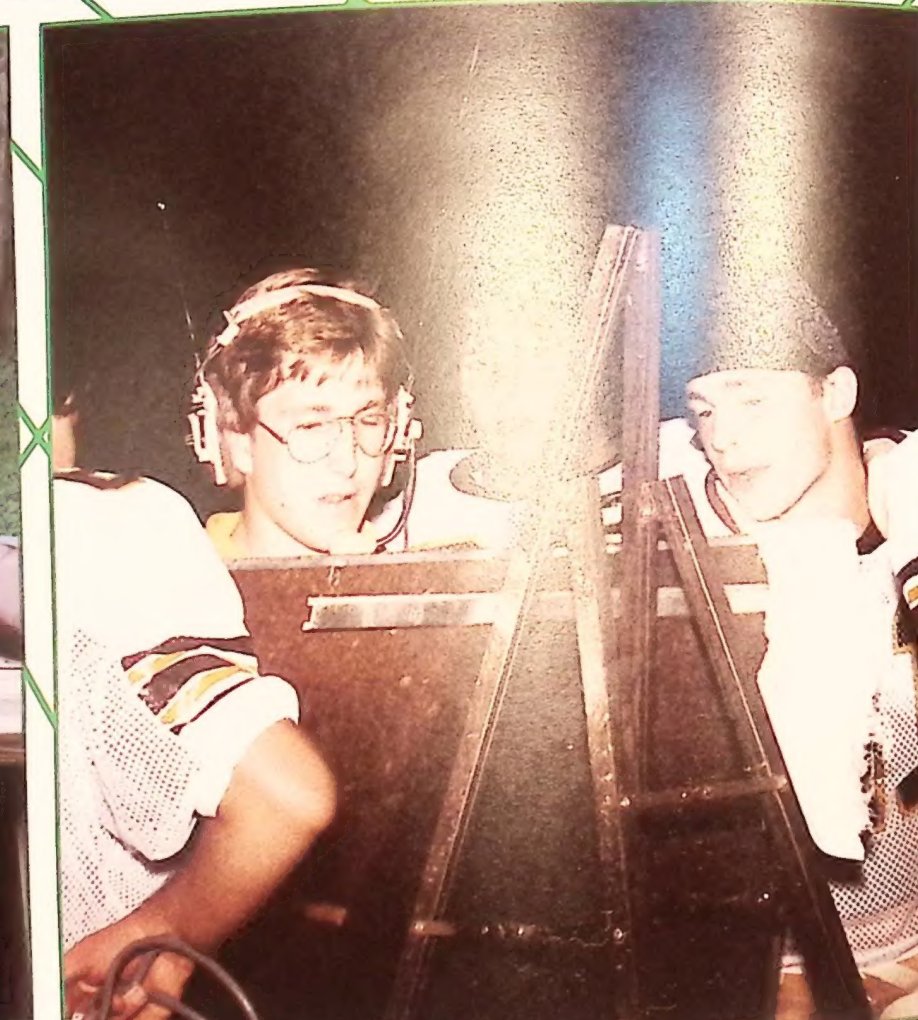

Spend time getting to know us. The Tucker students and faculty all have individual talents, abilities, and personalities that combine to make Tucker a great place!

1. Stacy "Rollers" Ellis-Brown, Diane Mendello, Traci Hernandez, Tracy Gardner, Sandra Ruhlman, and Ruth Woodson just love band camp. 2. The Jr. Class "Barnharts". 3. Matt Sasser, any girl's dream. 4. Reggie Hood discusses responsibilities of being "best-dressed" with Kenny Peebles and Andre Harris. 5. Chris Murphy — his favorite magazine is GQ. 6. Traci "Superstar" Hernandez. 7. Steve Lotz and Ben Walker march to the tune of an unknown drummer. 8. Susan Torrence and Melanie Puckett make their own fashion statement. 9. Connie Furlong relaxes in A-wing lobby.

*gain a broad
education*

At Tucker, life is not all fun and games as you quickly notice. You'll observe many serious-minded students concentrating intently in classes, trying to expand their horizons of knowledge, trying to keep their cars by making good grades. At every day the acquiring of an education begins in earnest. Whether we attend classes to learn or to "get the hours needed to graduate," Tucker students are exposed to everything from the anatomy of a frog to how to he skirt — sometimes in a single day.

You will have the opportunity to explore almost anything that interests you here at Tucker. The basic reading, writing, and arithmetic is required of everyone. However, you can take the bare minimum of these courses, or you can embark upon a detailed expansion into one or all of these areas.

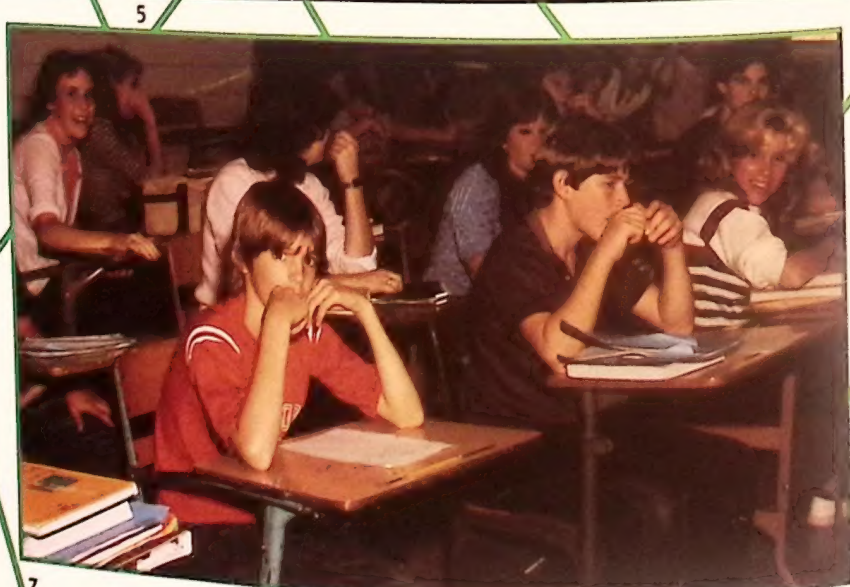

For the science-minded pupil it may be a five-year sequence beginning with Introductory Physical Science and continuing in Physics and Advanced Chemistry. The math-oriented student may embark in 8th grade into Pre-Algebra, move through the math studies to Calculus.

Before graduating, most Tucker students will have taken on an average of 90 separate classes. Some of them are your basically-structured, boring classes but a special few have the reputation of being "great fun" and different. For example, it appears that most every student desires to take Mr. Peppers' Humanities class at some time before graduation. In what other class would you be allowed to run around Northlake Mall in a towel to observe human reaction?

Aside from gaining an education in class, you learn to relate to all types of people while in high school. Your education will be increased in how to handle the opposite sex, how to handle responsibility and how to make decisions. In the 8th grade our students are just beginning to wade into the adult world; at senior graduation many of those former eighth graders are voting, working, heading off to earn a living or heading towards college. Five years of high school more maturing and social knowledge is done and learned than in any other period of your life.

Upon graduation, you will have a new world aware and knowledge that was gradually acquired, but that will last a lifetime.

1 Melanie Rice explains it all to Marilu Perez. 2 Tania Hicks, Beverly Bowden, Jennifer Pique, and Denise Robinson smiling about HOMEWORK? 3 Kevin Ugan and Jennifer Vick, the "mad chemists". 4 Lisa Crane and Nanette Valleccillo spend lunchtime studying. 5 Coach Green reviews plays with Jason Paulos and Brad Davis. 6 Seth Judd and Ben George, victims of a desk shortage. 7 Hey! Is anyone watching the TEACHER? 8 Yes, you, Lisa Vance, are going to be in the annual! 9 If Blake Westbrook can be taught to cook, anyone can!

Learn our traditions

While Tucker is not unwilling to try the new and the unexplored, you'll find it is also a school that is given to tradition. The traditions observed range from the very obvious to the most obscure, from the extremely serious to the most ridiculous.

One longstanding tradition is the razing of the youngest students in our school... the subbies. These students fall victim to being booed by upperclassmen at pep-rallies, stuffed into lockers by bullies, and sold elevator passes at the discount price of \$3.50.

The seniors at Tucker also have their own traditions, among them their farewell gesture to the school they love and cherish. The class of '83 bought two LOVELY vehicles for the school and left them on the steps of the school for our enjoyment. Shoney's Big Boy also put in an appearance, thanks to the hospitality of our former seniors.

Football season likewise brings with it a multitude of traditions that have been upheld for years. Pep-rallies usually turn into shouting matches between classes to win the spirit stick and to inspire our jersey-clad football players to Go! Fight! Win! At the football games everyone is already on his feet when the band plays the fight song, for it is played every time the Tigers put a score on the board.

Homecoming rolls around and the Tigers elect their courts. Each grade makes floats for the parade, wears strange things for spirit week, and worries about getting dates for the dance. We also elect a Snoball Court in the winter when everyone pours out for the dance. Snoball livens up the stretch between Christmas and Spring Break. Spring Break heralds the time when everyone wants to migrate to Florida with family and friends for a week of fun in the sun and for the acquiring of a tan for Jr.-Sr.

Still, many Tucker traditions are such day-to-day occurrences that we perhaps no longer take notice of them. For example, we have the congregating of students in the middle of B-wing intersection between classes, the outside dining during lunch in the spring and fall, the writing of notes by eighth, ninth, and tenth graders, and the forging of them by eleventh and twelfth graders.

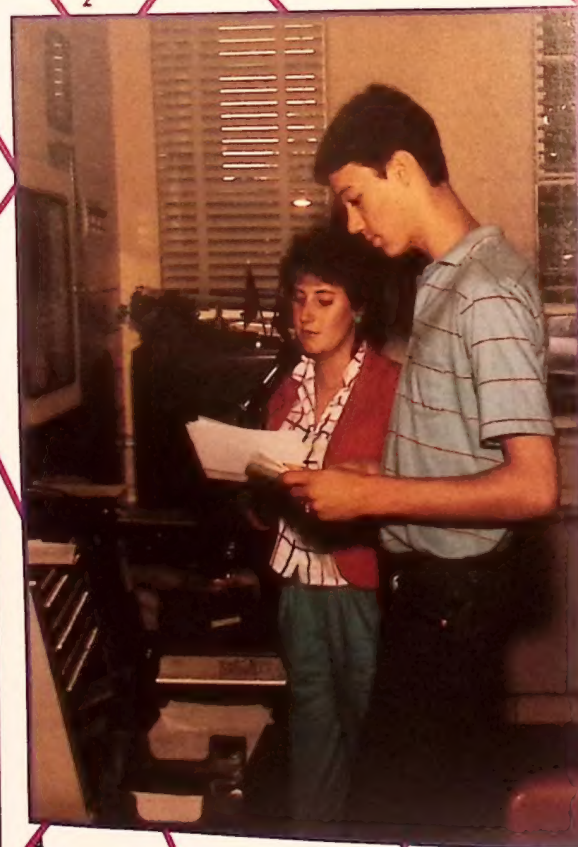

The traditions go on and on. Tradition, it makes our lives more interesting.

Key Club President Tommy Dyal gives flowers to the 1983 Sweetheart Jill Henderson. 6. Mr. Broadway holds up a ballot for the traditional voting of Senior Superlatives at the seniors' first class meeting. 7. Patty Parker and Kim Pennington sing the Alma Mater at the pep-rally. 8. Holly Alewine and Sallie Ellis help raise money for Jr.-Sr. by selling at the junior class bake sale.

Notice the area in which Tigerland is located. The great city of Atlanta is less than 15 minutes away from the school. Tucker students visit Atlanta frequently for a wide variety of reasons. Visit the Omni and the Fox Theater on the night of a concert, and you will probably see more than just one familiar face in attendance. Fulton County Stadium, Grant Field and the Omni are scenes of constant sports activities. Being the sports fans that Tigers are, you will often find them at Braves, Hawks, Falcons, and Tech games in these locations. Atlanta also brings the Tigers in for the momentous Jr.-Sr. night. Before the dance, which is traditionally held in a downtown hotel, Tucker people in all of their finery parade into some of the finest restaurants in the South. You will see Tucker students on this one night in places such as The Sundial, The Diplomat, Coach and Six, The Abbey, The Mansion, and Anthony's. Because this is one night that price is no object, you will also notice most of the guys have their father's credit cards.

Tigerland is also located within an hour's drive of Athens, Georgia. Any football weekend you'll see droves of Tucker students decked out in red and black on the U.G.A. campus cheering for the Bulldogs.

Tigerland is the ideal place for anyone to be a student. Fast food heaven is less than a block away with Burger King, Pizza Hut, McDonalds, Taco Bell, Hardees, Wendys, Churches Chicken, Dairy Queen, and Krystal nearby to choose from. Shopping at Northlake Mall is less than 5 minutes away, and for more serious spending sprees, you can hit Lenox, Perimeter, and North Dekalb Malls.

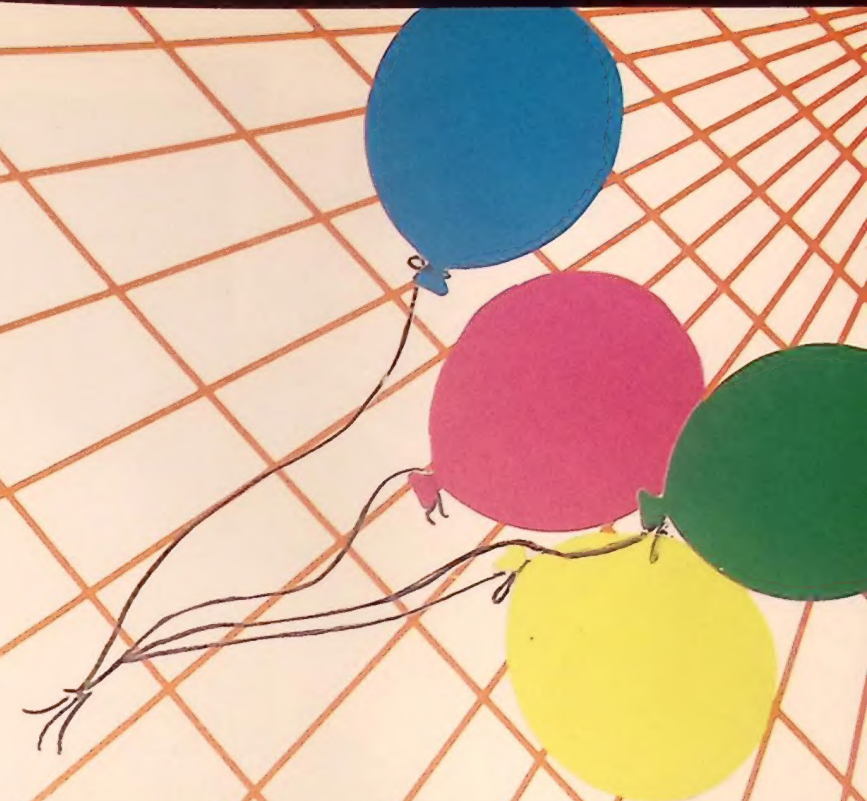

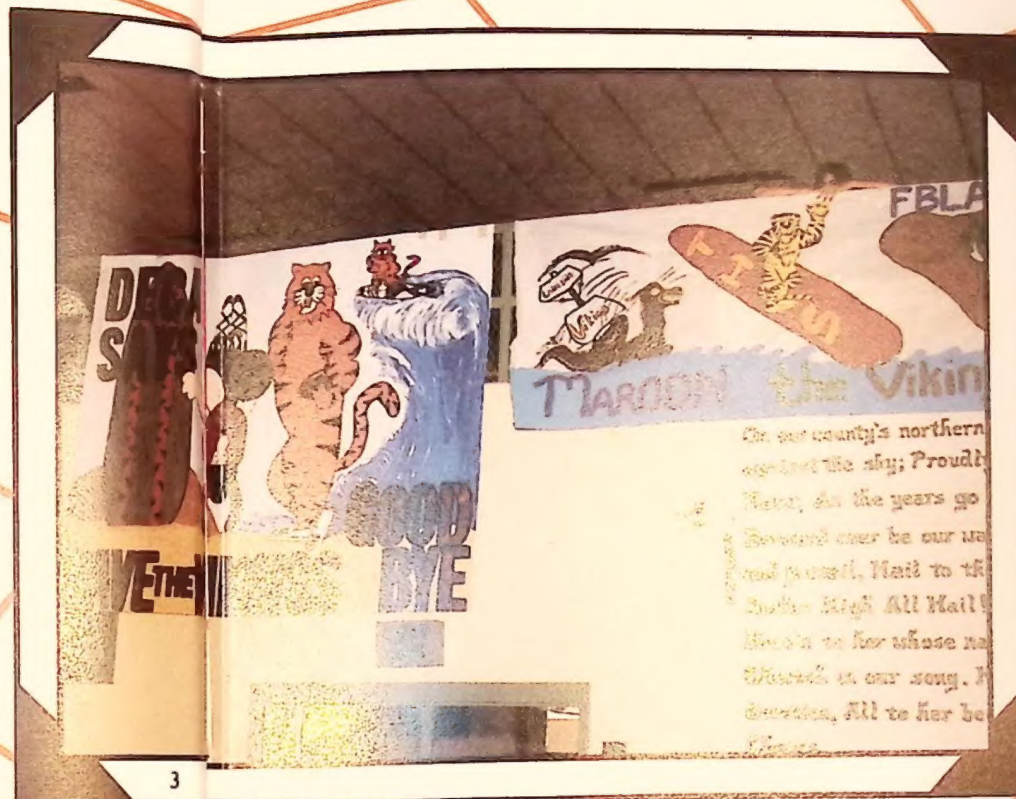

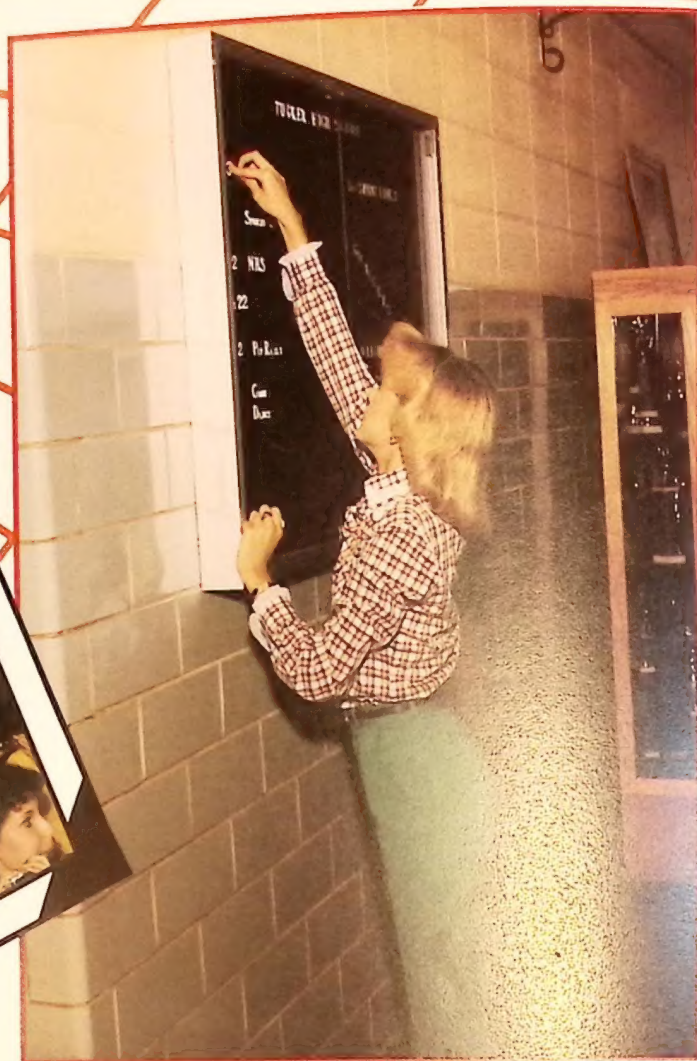

Because there are 5 theaters within 10 minutes of the school, a football stadium within 15 minutes, and moderately-priced restaurants all around, one's options on a date are quite large.

While visiting Tigerland, be sure to get out and see these places. Then you'll understand why Tigers are always so tired on Mondays.

1. Tucker students are often found eating at the local McDonalds. 2. Stone Mountain serves as a second home for many of the Tigers. 3. Atlanta at night offers a wide variety of entertainment possibilities. 4. The Fox Theater attracts many Tucker students with its frequently scheduled concerts. 5. The Georgia state capitol building serves as an important Atlanta landmark. 6. A bird's eye view of Atlanta as seen from the Peachtree Plaza Hotel. 7. The Varsity is one of Atlanta's most popular fast-food restaurants. 8. Tucker students are not old enough to attend concerts at the Agora Ballroom **legally**, BUT 9. Georgia Tech is the choice of many Tucker students for continuing their education upon graduation from high school.

get involved in
our world

2 You get out of life what you put into it, so involve yourself in some of the various activities at Tucker. No matter what age or grade you are in, there is a club, athletic group, or organization that will "suit you to a T" (as in Tiger).

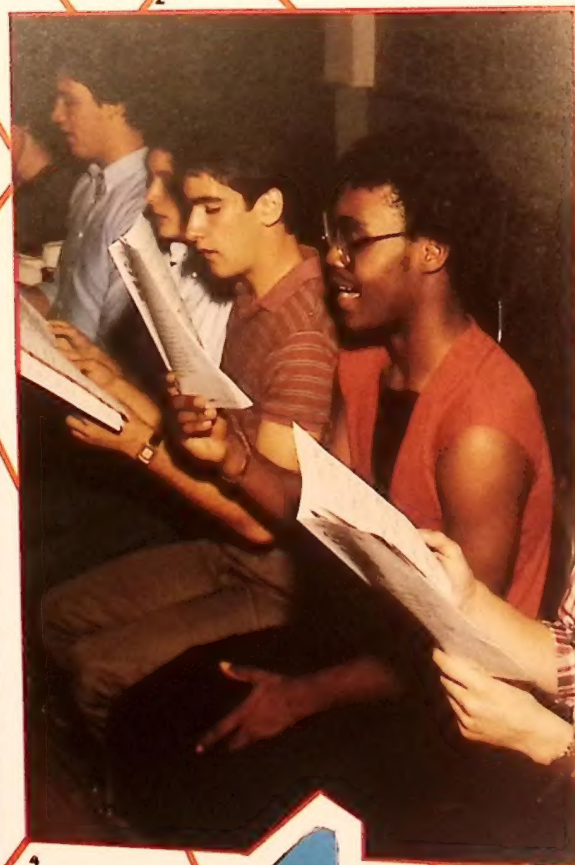

For the athletically-inclined individuals there are football, basketball, soccer, track, cross-country, golf, tennis, gymnastics, wrestling and swimming. There is no better way to gain prestige on campus than to be actively involved on an athletic team.

Maybe athletics is not your style. If not, there are a world of clubs out there, and at least one of them is probably waiting with open arms for a person just like you. If you are among those students making outstanding grades, you could be eligible for membership in the Beta Club, National Honor Society, or a Language Honor Society. Those of you who are more socially inclined would be welcomed into Jr. Civitan, F.C.A., Anchor Club, Key Club, and Interact. If, after considering these opportunities, you still cannot find a club that is for you, there are many academically-related clubs to select from. If you are taking a language, (Spanish, German, French, or Latin) you are automatically eligible for membership into the language clubs. F.B.L.A., Legal Explorers, D.E.C.A., Industrial Arts, Math Team, H.E.R.O., Drafting Team, or the Debate Team are also available for your membership. Those students possessing leadership abilities should consider getting involved in student government by running for office in the Student Council.

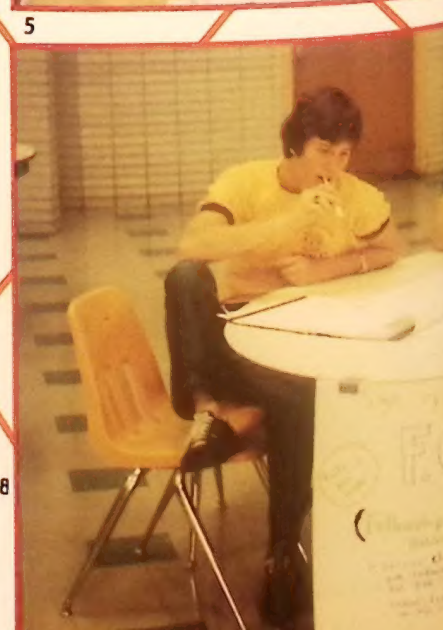

For the creative among you, there are positions on the **TIGER** staff, the yearbook, or **Tiger Tales**, Tucker's award-winning newspaper. Writing short stories and poetry suggests involvement with **Collage**, the literary magazine.

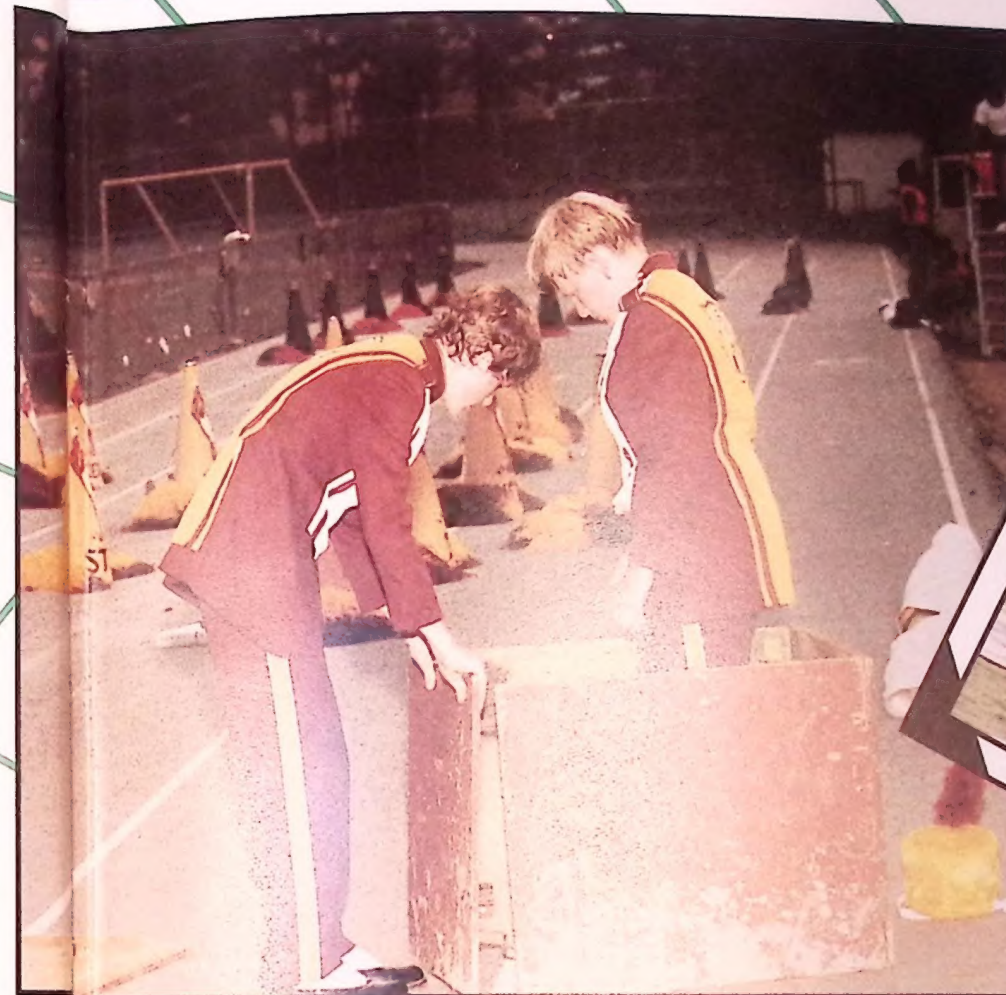

If entertainment is more your speed, consider the Drill Team, Flag Corps or Majorettes. The Marching Band, Concert Band, or one of the many choruses would always appreciate new enthusiastic talents who wish to participate.

Your choices are close to unlimited in how you can be active in Tucker. Make the effort and get involved in our world.

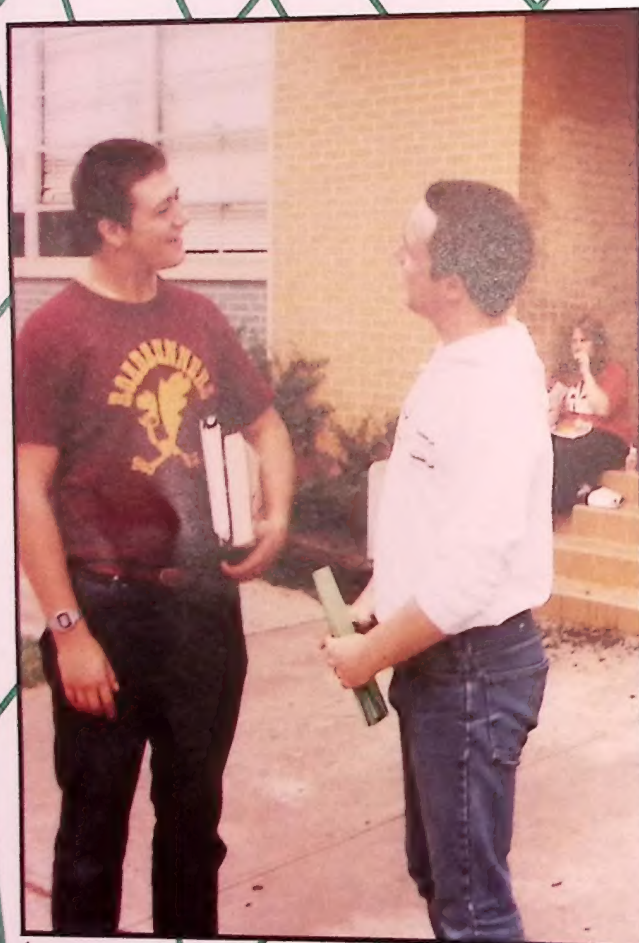

1. Marching Tigers entertain the crowd. 2. Susan Evans tries to reach for that extra inch. 3. Sign day for clubs. 4. Reggie Hood sings his heart out. 5. Lizzie, Lisa, and Sandra get sidetracked. 6. Key Club member Ross Vandiver congratulates Sharon Cheek as a sweetheart. 7. Chris Moon and Stuart Magill amaze each other. 8. Randall Floyd and Bob Norris wait for some customers. 9. Jill Pridemore, Karen Petrie, and Jennifer Morgan stop to get their picture taken.

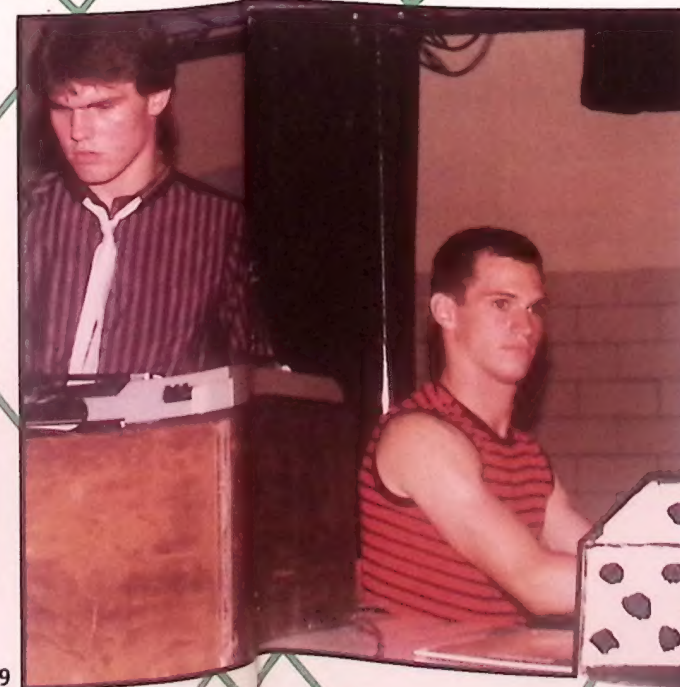

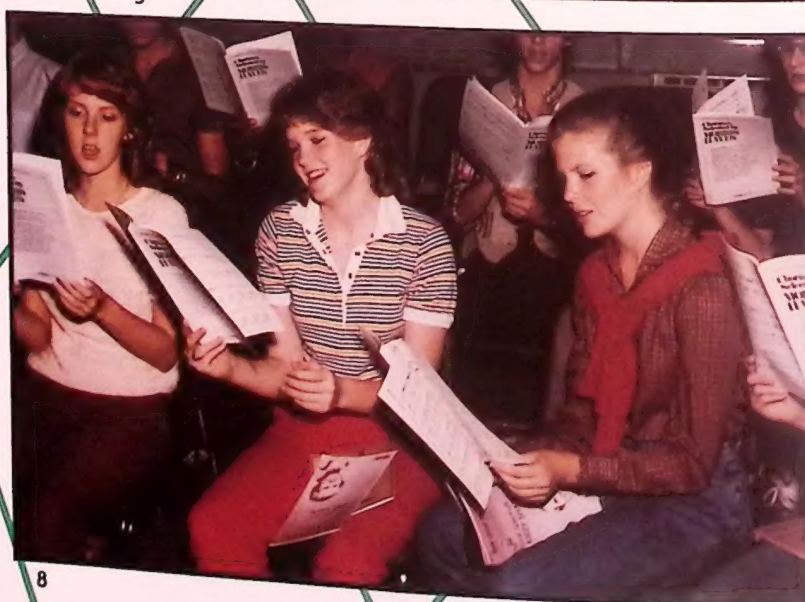

let us entertain you

1. Quarterback Tim Howard gives plays to offensive squad. 2. Scott Nabers and Richard Wilson play "Richard in the Box". 3. Cheerleaders fire off fans before the game. 4. Paul Winegar and Ross Vandiver are true "crew" friends, (as in hair, or rather in lack of it). 5. Sherrie Roper, Karen Yarbrough, and Susan Evans pack up pompoms for half-time. 6. Drum-Major Nancy Groff leads the band in play at the pep-rally. 7. Terri Gilreath, a flag waving Flag Corps member. 8. Cindy Crawford, Lisa Crane, and Mary Lynn Streater harmonize in chorus. 9. Kyle Smith and Pat Jaugstetter "spin the tunes" at "The Party".

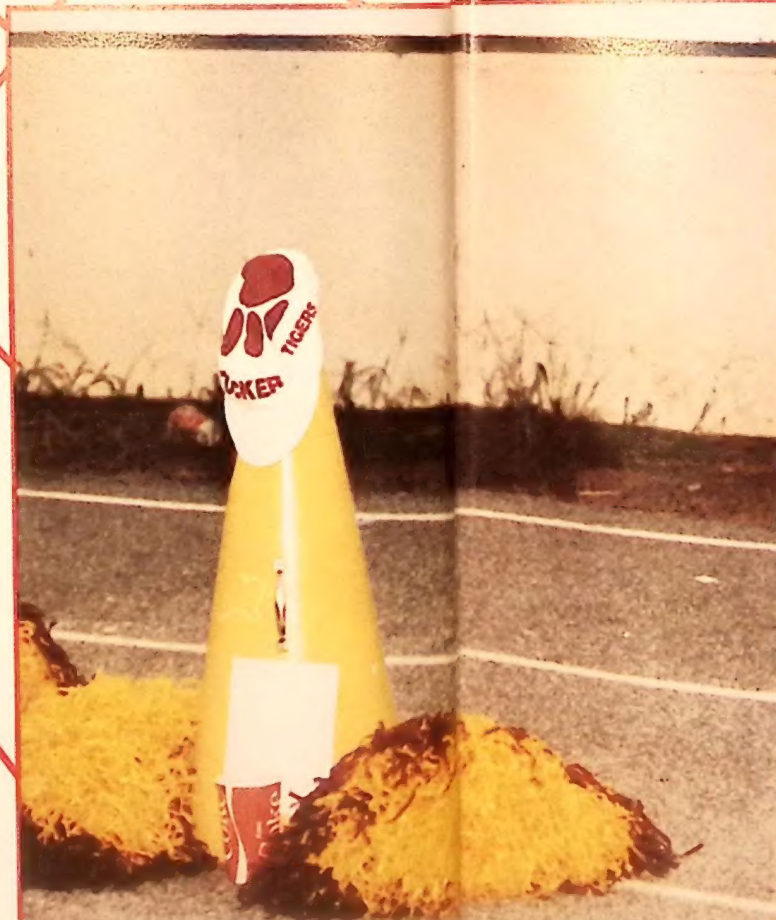

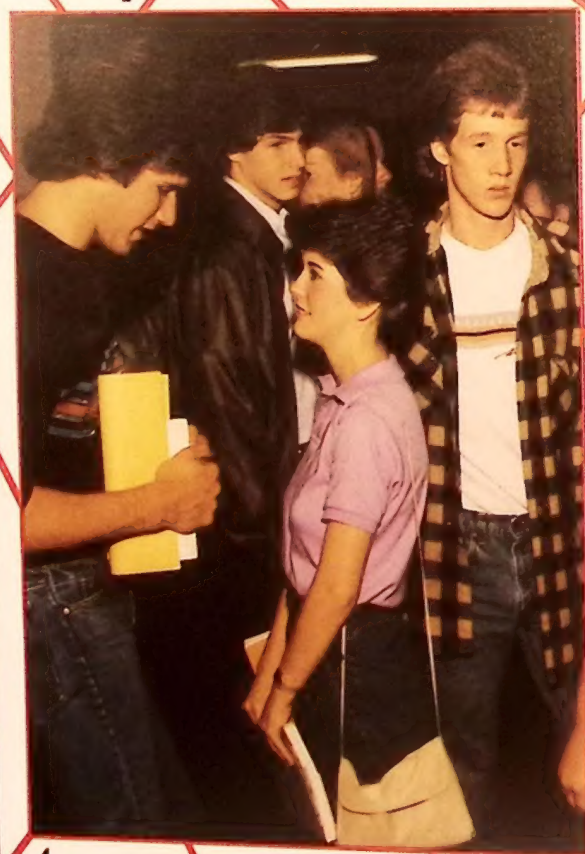

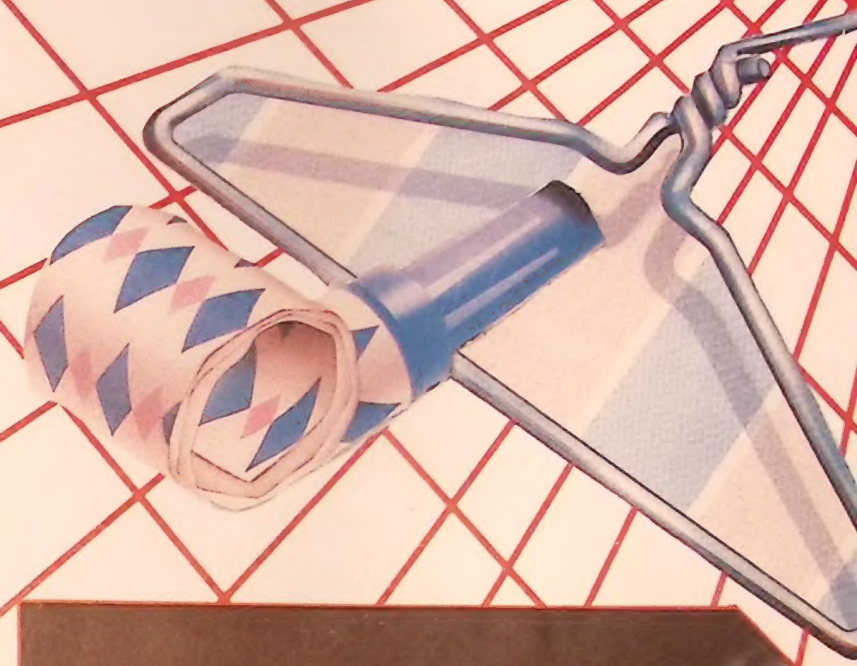

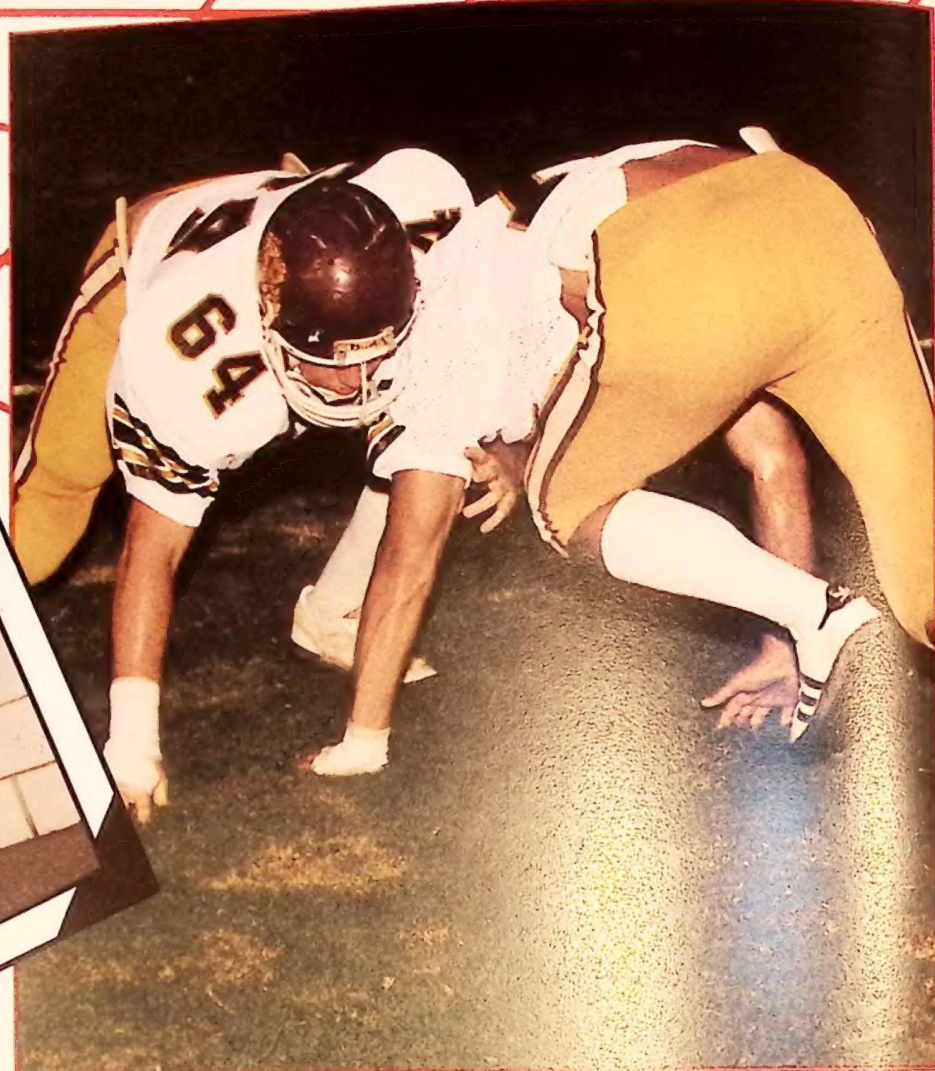

When you visit Tigerland, you will never experience a dull moment. Every day during fourth period you can visit the band room and jam with the Tucker High Marching Band. Here you can listen to **Billie Jean, Beat It, P.Y.T., New York New York, E.T., Africa**, and the list goes on. Then at the football games each weekend, the Tiger Band from Tigerland will dazzle you with an outstanding half-time performance. The entire marching band cutting loose and dancing will leave you screaming for more. These half-time shows, featuring the Drill Team, Flag Corp and Majorettes, keep the crowds in their seats and their eyes glued to the field. The energy and enthusiasm the Tiger Band exudes will envelope and excite you.

Also during the day, Tucker Choral Ensemble will give you a real treat. During second period, you can hear jazz, contemporary, pop, classical, Elizabethan madrigals... only the sky is the limit. There are many formal performances you could attend. The choruses perform multiple times a year away from school, but specifically for us are the traditional Madrigal Dinner, spaghetti suppers, and Fall and Spring Concerts.

At Tucker you can also be entertained by attending any of the athletic games, meets, etc. There are dances throughout the year to keep you hopping, pep-rallies to keep you screaming, and parades to keep you smiling.

In Tigerland, entertainment on a smaller scale is a daily experience to treasure. During the five minutes between classes your sides will ache from hilarious laughter. It is a time to watch the eighth graders run from class to class carrying every book they own, dropping papers along the way. Class can be a party in itself. Tucker has more than its share of class clowns and entertaining teachers, (but watch out when there's work to do!). Moreover, in the past year students with questionable talents for singing have (for the right price) serenaded us from the cafeteria stage during lunch. And who says school is no fun?

7 he students of Tucker High School know many basic facts about their school. They know where their classes are, which locker is theirs, what parking space is theirs, who Alvin and their homeroom teachers are, and where the cafeteria, gym, and C-wing and A-wing offices are. There are, however, many other things of which students are totally unaware, and while maybe these things have little to do with an individual student's education they are a part of the seldom realized scope of THS.

Tucker High School, the building itself, would cost about \$9 million to build today — all 64,000 square feet of it. Inside Tucker High are 67 classrooms containing some 2,479 desks. The student body traverses 10 stair cases and comes and goes through 178 doors on its way from class to class. One thousand one hundred ninety six windows provide escape for the minds of daydreamers and bored scholars. The Tucker High library provides 20,857 books for students' use and also contains 15 movie projectors, 60 overhead projectors, 4 TV sets, 3 VCRs, 25 record players, 25 tape recorders, and 7 slide projectors. Tucker's cafeteria has 400 trays on which it serves 13,050 lunches a year. We students use 2000 straws and 10,000 napkins per week and go through 710,746 ounces of ketchup a year.

There are 75 teachers at Tucker. These teachers combine to give 6750 tests and issue some 30,000 grades a year. There are no figures as to how many of these grades students try to keep secret from their parents.

Features

Homecoming Queen Jill Henderson follows in the footsteps of her mom who was crowned Queen in 1947.

The recipient of the 1984 **Tiger** dedication is living, walking proof that good things come in small packages. Everything about her is tiny except her heart, and that encompasses virtually all who come in contact with her. With her constant good humor and her energetic approach to everything she undertakes, she immediately charms all but the most cynical. Certainly her students fall under her spell. They leave her class each day filled with the awareness that a true learning experience has taken place. In turn, she has filled her life to the brim with Tucker High School. In addition to her classes, she has sponsored drill team, cheerleading, and Spanish Club during the past several years, and during summers and Christmas holidays she has taken students with her to both Mexico and Spain. It is thus with great pride that the 1984 **Tiger** is dedicated to such a dedicated member of the faculty — Mrs. Linda Hufham.

STAR Student — John Maher
Tucker's STAR Student John Maher (r) receives congratulations from his STAR Teacher Ron Broadway. With a combined SAT score of 1570, John was selected as STAR Student for DeKalb county and later for the Georgia Fourth District. Mr. Broadway, thrilled by John's academic success, gladly went along for the ride.

National Merit Semi-Finalists — **Front Row:** Jackie Brown, Kevin Ugan, Scott Legg, Mary Lynn Streater, Cindy Crawford; **Back Row:** Eddie Lanham, John Maher, Bill Boozer; **Not Pictured:** C.J. Prince.

"Leaving behind all my high school friends and memories is going to be really hard," Elizabeth said. However, she will be making new friends and memories once she begins attending Presbyterian College. Pink and green preppy clothes are Elizabeth's all time favorite colors and her favorite question is, "Do you love me?" Even though she styles. Her favorite everyone does. The only way you will ever get constantly happy-and-smiling Elizabeth mad is to correct her or blame her for something she did not do.

Mr. and Miss JHS

Eddie described his high school experience as all-around fantastic, both academically and socially. Being chauffeured in a limo, dining at the Abbey, dancing at the Limelight, and eating dessert atop the Peachtree Plaza would constitute a perfect date for Eddie, especially if it were with a beautiful girl with a great personality. His dream vacation is to take this "Miss America type" with him and tour France, Switzerland, Australia, Denmark and Germany. Eddie plans to attend Georgia Tech to get an engineering degree and an M.B.A. He hopes to spend his first million dollars beginning a car collection, purchasing a chalet in the Smokies and fulfilling his dream vacation.

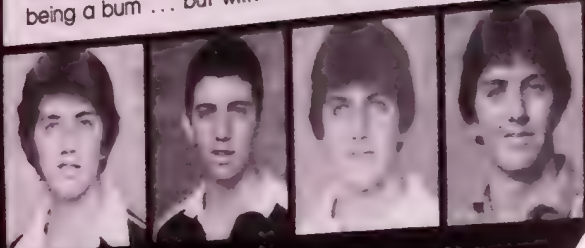

Elizabeth Youngblood

Eddie Lanham

Jeff Harr

"It's been fun and it hasn't been real hard," said Jeff about being at Tucker. Jeff will "probably" attend U.G.A. next year and then "get a degree, marry a good woman and settle down." He doesn't have a favorite fashion preference for himself, but he does like blue jeans, tennis shoes, and cut-off tee-shirts on good-looking gals. Jeff hates smart mouths, bad drivers, and group sessions in a crowded hallway. He dreams of cruising the beach and being a bum ... but with loads of money.

Reggie Hood

Reggie said that he has no regrets about high school. Next year he plans to attend Georgia Southern and then hopefully embark upon a singing career. This may explain his idol being the one and only Michael Jackson! Reggie loves the colors red, black and aqua and all punk clothes, of course! Reggie said a perfect date for him would be dinner out, and then going back to his place. He also said that he would not mind being deserted on a desert island with Vanessa Williams, a bottle of champagne and a Michael Jackson tape!!

Jill Henderson

Jill said that she will never forget high school and that Tucker has really prepared her for future experiences. She plans to attend the University of Georgia and major in journalism. Jill hopes that one day she will have many children and live with her family here in Tucker. She wants her kids to attend Tucker also. Jill's pet peeves are gum smacking, bad attitudes, and greasy hair. Jill loves the colors red and purple, wearing current clothes, and saying, "HEY, Jo-mama!"

Amy Langford

Amy thought each year of her five years of high school was better than the one before, she thought it was a school filled with caring people. Amy idolizes four-pointers who are still actively involved in the school. She dislikes people who spread rumors ... like butter! Amy is a preppy who likes to dabble in the trendy things too. She loves preppy green, blue, red, yellow, and gray. Amy dreams about a cruise through the Caribbean and touring a lot of its islands. Real estate is the ultimate career goal for this gal.

Alex Keever

After graduation, Alex hopes to go to college and then run his own business and make enough money to support a family and own a house. If his business is fortunate enough to gross over a million, he'd take his dream vacation, which is to spend the whole summer on the beach with an unlimited supply of coke and girls. This beach bum hates people who interrupt him, standardized tests, and people who don't laugh at his jokes. His favorites ... Tracy Gibson (and her laugh!), bright colors, jeans and sweat shirts.

Wanda Nash

After Wanda leaves Tucker and becomes a college graduate, her goals are marriage and a career. Wanda hates being rushed. She loves the word awesome, the colors blue and gray, and dressy, preppyish clothes. Her idea of a perfect date is to go out with someone who has a great personality and has a lot in common with her. Seeing a movie and going out to eat or cooking steaks and watching TV are the settings she'd like for a date with Mr. Wonderful. Tucker just won't be the same without this cheerful gal brightening up its halls next year.

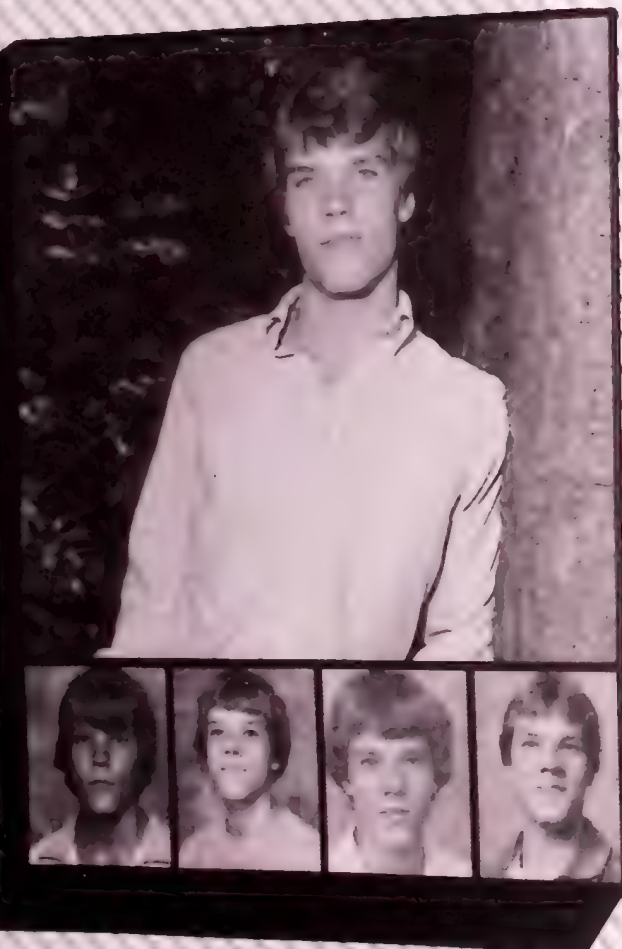

Hunter Sandifer

Hunter has said that high school was a time for her to find out what she wanted to do for the rest of her life, time of tremendous growth and learning, and (so far) the best time of her life. She hopes to continue her education at college next year and then begin a career. This gal who **really** likes to run says she would even take a pair of running shoes with her on a deserted island, along with a friend and junk food. Hunter hates running in the rain and wearing shoes without socks.

Jay Meadows

High school for Jay has been "awesome fun" and a lot of easy work. A late night evening of wining, dining and dancing all dressed up would be the perfect date for Jay; however, the girl would have to be pretty and personable to make his evening a success. This future doctor idolizes Tom Petty and the Grand Master Flash "because they are awesome." He likes the colors blue, purple, and maroon for his clothes, but has no particular fashion preference because "guys don't have to be in fashion." Jay hates messy people and the messes they make. Plans for spending his first million dollars involve Porsches and parties, Go for it, Mr. Meadows!!

Marian Sewell

Marian said her five years at Tucker have given her enough confidence to succeed in everything she endeavors to do. Therefore she should be a guaranteed "ace" in Tech where she plans to enter the field of electrical engineering. Marian wished that her perfect date to be Jr.-Sr. '84 with dinner at Nikolai's Roof and dancing until dawn. If she couldn't have Paul Newman, Yul Brynner or Clint Eastwood escort her, she said that she'd settle for any tall, gallant, blue-eyed hunk.

Kyle Smith

After graduating, Kyle plans to attend the United States Military Academy, and then perhaps continue in the service. Kyle loves wearing the latest type of clothing, like pleated pants and low-heeled shoes. This may explain why one of his idols is Kirk Harpole. If he were stranded on an island with only three things, it would be the bare essentials: food, water, and women. Kyle's favorite saying is, "Hang it up," which he often uses in reference to homework and English teachers.

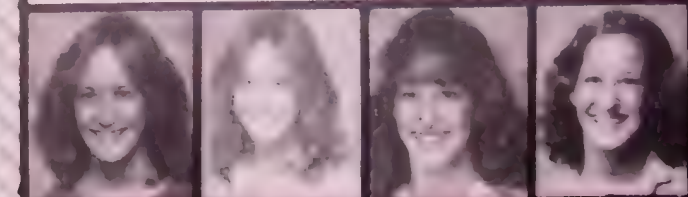

Mary Lynn Streater

When asked about her high school experience, Mary Lynn lamented about how fast it went by, and said she hopes she never forgets the times she's had or the special friends she's made here. Next year Mary Lynn will attend Furman University and "learn all she can." She dreams of a vacation to New York with a friend (all expenses paid, of course). She describes the perfect date as doing anything out-of-the-ordinary with someone she really likes. Mary Lynn hates foot-tapping, gum smacking, and singing off-key.

Nanette Vallecillo

Nanette said that she loved high school. She learned academics, but, more importantly, she learned to appreciate those with different opinions. She plans to attend college, study medicine, and swim. If she could only take three things in a deserted island with her, Nanette narrowed it down to suntan oil, a radio, and a boyfriend! Her favorites are Mary T. Meagher, Princess Diana, the colors blue, green, red and brown, and comfortable clothes.

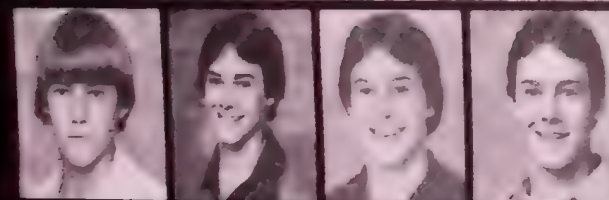

Stephanie Caywood

Stephanie said that high school for her has been a very meaningful experience, socially and academically. She plans to attend Emory University, then go into international business, travel, make lots of money and have a family. Stephanie hates gum smackers but admires people like Stephanie Powers who devote time to endangered animals. She loves the colors cobalt, blue, and green; for her clothes she likes a really "classy" look. A dream vacation for her is traveling endlessly in Europe.

Tommy Dyal

Tommy described his high school experience as a varied mixture of athletics, clubs and extra-curricular activities. Tommy plans to "probably" go to Georgia Tech next year. He also plans to find a career where he can earn enough money to retire at 30 and have a good family. The thing that bugs Tommy the most is the rowdies at the pep rallies. He tends to like Levis and button-downs, Tom Cruise and Matt Dillon, and the colors red, white and black.

Susan Evans

Susan said that high school has been great, with her junior year being the best of the five. Future plans for Susan are college (hopefully at Vanderbilt) where she plans to major in engineering. Pet peeves of Susan's are bad attitudes, bad-mouthing people and irresponsibility. Susan's dream vacation is a week in the Virgin Islands (St. Thomas to shop and St. Croix to lie on the beach). Her idea of the perfect date is going out to dinner and a party with a nice looking guy.

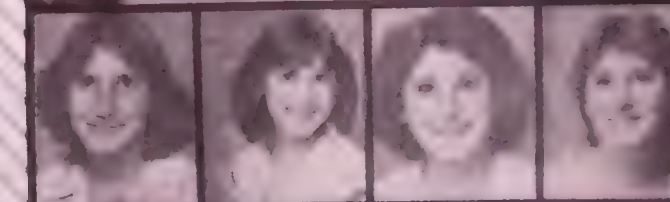

Tracy Gibson

Tracy said for her high school has been fun. She will never forget the memories with friends at parties, games, clubs, and all the hard work. She likes to look at Richard Gere and to let Alex Keever make her laugh. A perfect date for Tracy would be to fly to San Francisco for a day, go to a nice restaurant, see Fisherman's Wharf, and go sailing in the bay. With a million dollars Tracy would buy a brand new car (that she didn't have to share with her brother), drive it to Lenox Square and hit all the "funky stores."

Tim Howard

Tim said that he will never forget the people and events that made up his five years at Tucker. He plans to attend Georgia Tech, become an architect, make good money and "work at having the best possible family." The perfect date for him is going out with the right person to place where they can both have fun. Tim dreams of spending several weeks in Hawaii, and making a million dollars, then living off the interest. Tim hates untrue gossip, flies, and defensive backs. He respects people who achieve their goals, saying, "That is the type of person to look up to."

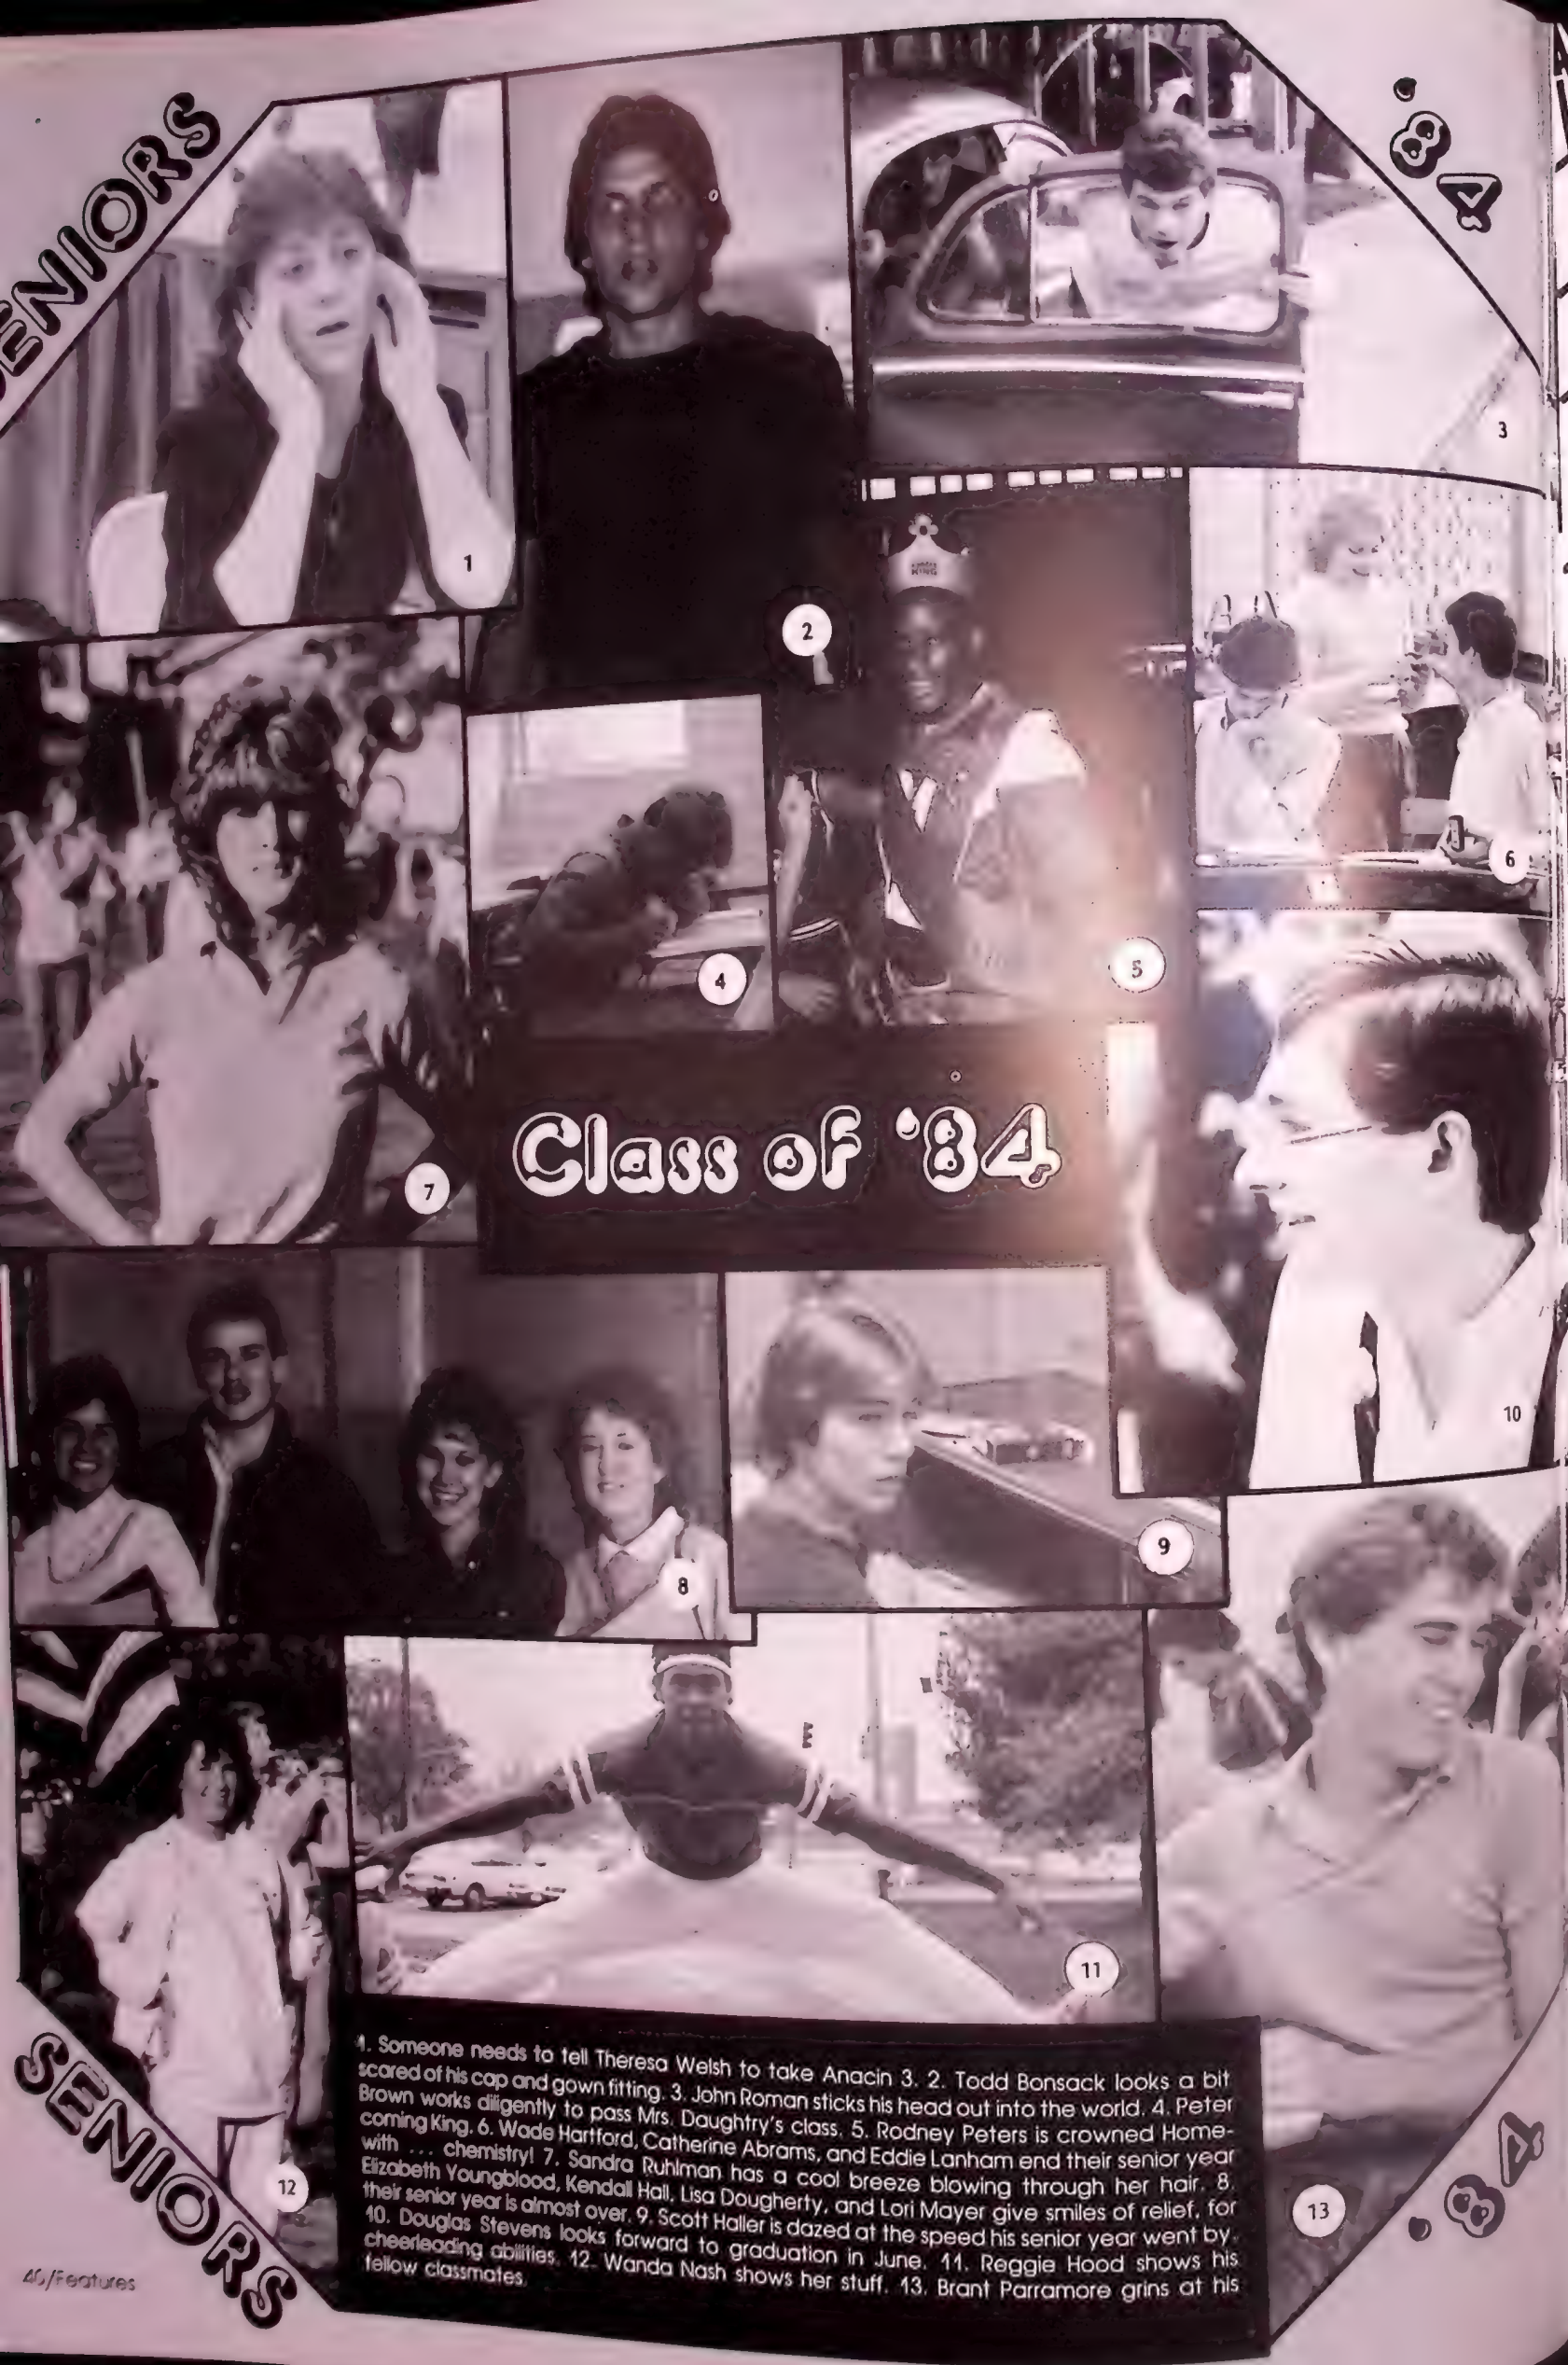

Andrea Kiwi

After attending Tucker for five years, Andrea says she is ready for college life. She hopes to attend Vanderbilt, then develop a career. Her favorites are the colors in the red and purple family, well-tailored and fashionable clothes, as well as Levi's and a simple classic sweat suit. Andrea envisions a perfect date as being wine and dined by the perfect escort; a guy straight out of G.Q. tall, dark, handsome and very rich. Her pet peeves are people who don't achieve their potential, rude people, red necks and ignorant people holding prejudices.

Mr. Henderson, the school photographer, brings pictures to the annual staff for Mr. Broadway's approval.

TIGER STAFF

Tiger Staff — **Front Row:** Kim Abbey, Beverly Bowden, Lori Carson — Section Editor, Sandra Ruhlman — Editor in Chief, Traci Hernandez, Donna Frassrand — Section Editor; **Second Row:** Lisa Willoch, Mary Lou Klouda, Amy Woodall, Tiffany Partridge, Marilu Perez, Ron Broadway — Sponsor; **Back Row:** Terri Gilreath, Lizzie Carriere; **Not Pictured:** Adam Langley, Russ Weinwurm, Tracy Burbank, Bernard McDowell — Business Manager.

The 1984 Tiger staff for the first time in twelve years was under new leadership. No longer was Ms. Jane McKinney at the helm as she elected to step aside, turning the sponsorship over to an unsuspecting Mr. Ron Broadway. Initially unfamiliar with the workings of an annual staff, Mr. Broadway expressed his gratitude both toward Ms. McKinney and toward the annual staff for their making the transition a relatively easy one. As for Ms. McKinney, she patiently answered all 47,000 of our questions. Because of everyone's generous support, "I'm looking forward to '85."

The National Honor Society has had a very active year this year. Inductions were held in the fall, and many new members joined the club. They contributed to the Toys for Tots toy drive and helped out a good deal. A special project for NHS was "Teddy Bears From Tucker." The members took teddy bears to Egleston Hospital and gave them to sick children for Christmas. They also had a Christmas party at the house of Mr. Peppers, the sponsor.

The Beta Club has been very busy this year. They have had numerous projects that they have been working on. The club collected cans for the Canned Food Drive, toys for The Toys for Tots Campaign, and money for the Empty Stocking Fund. They decorated the teachers' lounge for Halloween and sponsored a very effective Senior Appreciation Day. Many members attended the Beta Convention in February. This has been a very successful year for the Beta Club.

For the second year in a row the Lady Tigers won the State Gymnastics Championship. They finished out their regular season with a record of 8-1. The Tiger's only defeat came under dubious circumstances in what was supposed to be a tri-meet with Redan and Cross Keys — only Cross Keys didn't show up. The Tigers' sensational season took them to the county meet where outstanding performances were given by Patty Parker and Janice Wolfe. Patty placed first on bars and vault and third on beam. She also won first in all-around. Janice placed second on beam and all-around and third on bars. In the state meet Patty took third on beam, second on vault, and first on bars, floor, and all-around. Janice placed fourth on vault. Highly commended performances were also given throughout the season by Vicky Smith, Terri Christman, and Tammy Christman.

Coach Pat Floyd called her Tigers a class act. She expressed her pride in her team praising the girls' strength and determination. These gymnasts are a credit to their families, their community, and their school. We are all proud of their achievements.

In the 440 run, her record breaking time was 60:1, and in the 880 run her time was 2:20.5. She also came in fourth in State Competition and second in Region meet. Alice Fraker and Deonn King were named as the best distance runner. The Coach's Award went to Heather Bassett. Because the 1983 team was a young one, the 1984 team approached the season with optimism.

The 1983 Girls' Track Team ended the season with a record of 2-2-1. Best in field was awarded to Hollin Gammage. Best runner was awarded Jennifer Morgan. The team was also outstanding in other events. Hollin Gammage won in shot put every meet. Jennifer Morgan was only beaten once in the 440 run and as a ninth grader was outstanding in the broad jump. Kelly Hutchins, an eighth grader, was an excellent 880 runner. With such talent and strength, the B-Team Girls' Track Team entered the next season as formidable opponents.

The 1983 Girls' Soccer Team had its best season ever with a record of 3-4-3. The games lost were very close. Several of the more memorable moments came in games against Sequoyah, Clarkston and Redan. The Tigers were victorious over Sequoyah by a score of 12 to 0. In the game against Clarkston, a team thought to be a contender, the Tigers again showed their true spirit and held the game to a 0 to 0 tie in double overtime. Though they lost to Redan, the Tigers managed to score a goal against a team that had only given up two goals all year. Coach Nita Curtis believes that next year will be even better. A number of very good players will be eligible to compete. Watch out for the Tigers!

The 1983 Boys' Varsity Tennis Team had a disappointing 2-6 season. Not shown by their record, though, are the hours of dedicated work that went into trying to improve their game. Billy Chocallo, the backbone of the boys' team, was able to participate in the Region Tournament where he placed well. With five starters able to return this year, the '84 Tigers faced the upcoming season with high expectations.

Even though the 1983 Girls' Varsity Tennis Team had only one overall win, they remember the year with fondness. Coach Gordon Jones stood behind and encouraged them, trying to keep alive hope. Since it was Coach Jones' last year, the girls wanted to go out with a win. Outstanding play by Susan Evans and Dana Roy kept the games close.

His great persistence and devotion to the game made possible his nomination to the All DeKalb All Star Team. Proficient at both wide receiver and safety, the Tigers knew they could always count on Kenny wherever they needed him.

Tommy Dyal

Recipient of both the Bad Cat and the Bob Basket Scholastic Award at the banquet, Tommy Dyal shattered the popular belief that all football players have between their ears is an endless void. His completion of 19/19 extra points and 7/9 field goals was a boost the struggling Tigers often needed. For scoring 11 points in one game, Tommy was recognized by his peers as a driving force at Tucker.

Paul Winegar

Selected as the Most Valuable Defensive Player for 1983, Paul Winegar proved that he has what it takes to effectively control the opposing team's rush. He had an incredible 55 tackles for the year which many times made the difference between winning and losing. His superior performance as a lineman was picked up by the *Tucker Neighbor* to which he was nominated as an All Star. At the football banquet he received the Block Buster Award for superior performance.

Rodney Peters

Obviously 1983 was the year for Team Captain Rodney Peters. The 6'4" 190 lbs tailback managed to set both the DeKalb County single game rushing record, 306 yards, and the DeKalb County season record for most yards gained in a season, 1558. On top of these achievements, he had an unbelievable 15 100-yard games. The '83-'84 Varsity Football Cheerleaders were selected from tryouts held in the spring of '83. The captain was Sherrie Tobia and the Co-Captains were Christine Jenkins and Dana Gaines. Their sponsor, Mrs. Linda Hufham, faithfully accompanied the 16 girls to camp at the University of the South in Suwanee, Tennessee, during the summer. At camp the cheerleaders learned cheers and stunts that they used throughout the season to boost the spirit of the Tigers. In addition to providing entertainment at pep rallies, the cheerleaders were also responsible for the banners football players ran through at the games.

This year's Basketball Cheerleaders attended camp at Furman University. The captains were Jill Henderson and Amy Langford and the co-captains were Lori Mayer and Elizabeth Youngblood. Because there were so many games, the cheerleaders were divided into two squads. The basketball cheerleaders provided its audience with pep rallies and cheers during timeouts. The cheerleaders led the spirited fans in cheering on the basketball team throughout the season. The cheerleaders struggled to win more recognition for the Tiger basketball team by holding pep rallies and painting signs. Their enthusiastic attitudes rubbed off on the entire student body as shown by the large attendance of Tucker fans at basketball games.

Although apprehensive at first, members of the drill team agreed at the end of the season that she had done a fine job. Another major change was the reduction of the number of members from 60 to 44. An aspect of this year's team that did not change was being taught their routines by Pam Traylor. Consistent play from seniors John Crumbley, Craig Marmon and Mike Hale contributed greatly to Tucker's victories over Peachtree, Clarkston, Briarcliff, Lakeside, SouthWest DeKalb, Chamblee, Lithonia, Avondale and Henderson. Tucker's only losses came in matches against Redan and Dunwoody. Coach Glen Yancey is confident that next year's season will be even better since Brian White, Jay Buice, and Kyle Griner are all eligible to return.

The 1983-1984 B-Team Wrestling team had a record of an outstanding five wins and one loss. Big wins over Lakeside, Peachtree, Henderson, Stone Mountain, and Southside. A close loss to Redan stopped the team from being undefeated. The B-team Tigers placed 7th in the DeKalb County Wrestling Tournament with Jeff Butler placing 2nd in his weight division and Pres Byers placing 3rd in his weight division. Congratulations to the B-Teamers that went to state: Troy Bryan and Russell King.

Tonight Is THE Night

Jr. Senior is one of Tucker's most popular social events of the year. This year was certainly no exception. The dance was held at the Sheraton Century Center Hotel. When the night of the dance arrived there was a lot of excitement in the air. Junior-Senior 1984 was an unforgettable evening for everyone who attended. 1. Alice Fraker picks out a dress for the dance. 2. Atlanta's nighttime glamour enhances the magic of Jr. 3. Aaron Cohrs and Stuart Boggs take a break from the dance floor. 4. Many couples dine atop the Peachtree Plaza Hotel in the Sundial restaurant. 5. Dancers crowd the floor of the hotel. 6. The Sheraton Century Center Hotel was the site of the 1983 Jr. Sr. dance. 7. and 8. Russ Weinwurm checks out tuxedos and washes the car before the big night. 9. Some couples boogie all night, while others prefer a more relaxed evening chatting with friends.

THE B-WING

1. Philip Bailey sends peace to the world ... 2. Another busy day in the halls of Tucker ... 3. Resa Mensing says, "You really get to know people in these halls." ... 4. Carey Davis "boogies down" in the halls of Tucker ... 5. Wendy Watkins, Chris Murphy, and Russ Weinwurm get sent to the corner ... 6. Jennifer Jordon, Suzanne Nix, and Stephanie Maddox have a group discussion in B-wing.

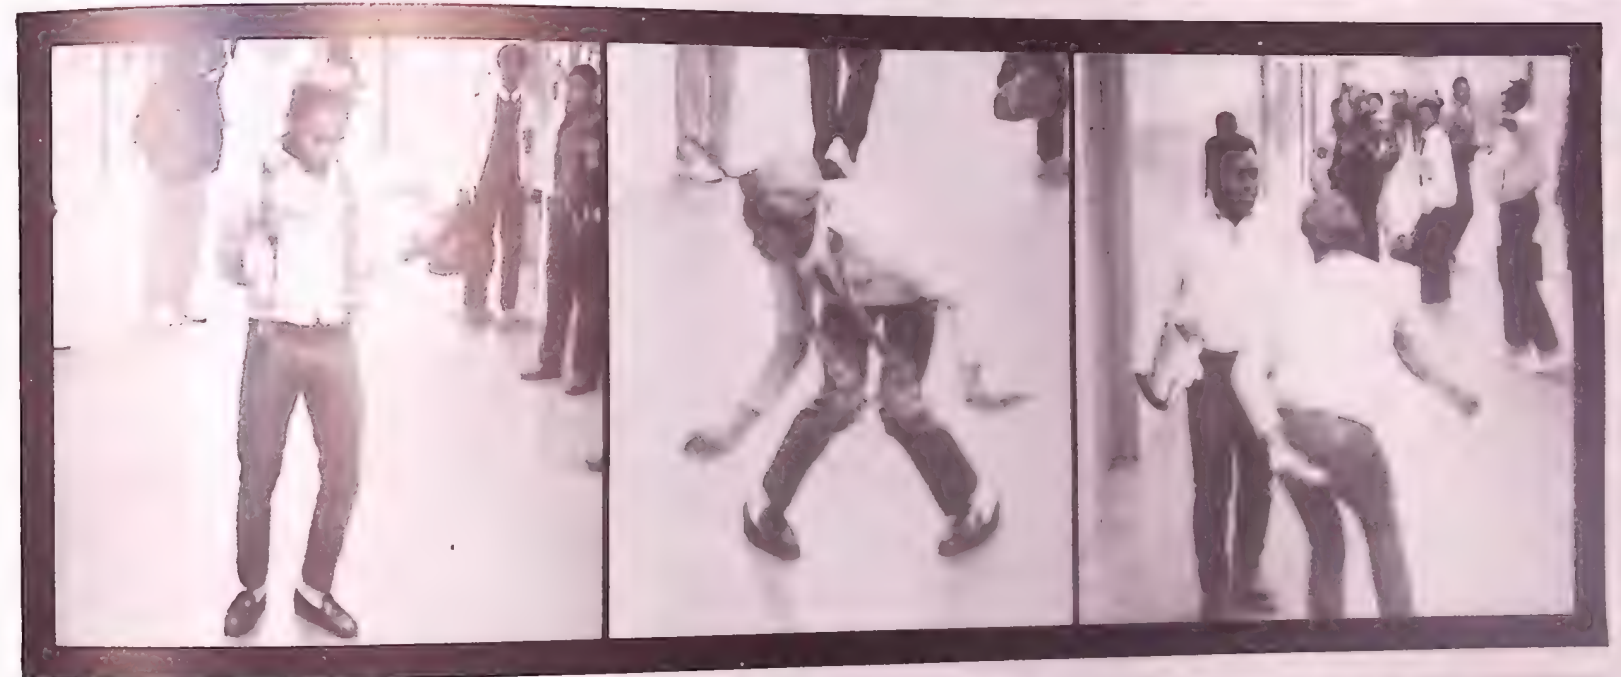

When one first attends Tucker, it becomes very clear, very fast, that B-wing intersection is a major congested thoroughfare. Before and after every class, hundreds and hundreds of Tucker students pour into the halls and at some point attempt to cross B-Wing. Perhaps the problem is that too many students attempt to cross it at the same time.

It is also obvious that because of the congestion, many people get quite annoyed with the extremely slow pace. This may cause one to become impatient and begin to push others out of the way. If all of the students crossing B-Wing at one time reach this point, the intersection could become just one big push. Because this has almost happened millions of times, there must be a solution, but through the years no one has been able to come up with one that will work. Hopefully, someone, will discover a solution for the B-Wing Bustle.
